# Symposium

Our purpose is to bring forth an Environmentally Sustainable, Spiritually Fulfilling and Socially Just Human Presence on Planet Earth.

## WHAT'S IT ALL ABOUT?

This symposium is for those who care about what's happening in the world, our community and our families.

Utilising interviews with leading world thinkers, powerful short films, interactive activities and discussion; we look at the causes of the most pressing issues of our time, and examine how the issues of **social justice, environmental sustainability and spiritual fulfilment** are intimately connected.

This symposium:

- Provides an overview of the challenges we face;
- Examines the fundamental cultural patterns and unconscious assumptions that brought us to this point; and
- Explores an emerging alternative paradigm...a growing worldwide grassroots movement for change; and
- Empowers individuals and communities to look at some of our biggest challenges and opportunities and to create a future we can be proud of.

The symposium brings people together, talking and thinking, providing inspiration to change the world through local activity...**you will leave informed and empowered to make your own choices about how you'll respond, and what actions are yours to take.**

This event is available in over seventy countries offered by volunteer facilitators

Sheryl Carmody (MercyCare) and Lucy van Kessel (Presentation Sisters) is offering this symposium on

Monday 6<sup>th</sup> October 2014
