

MARCH 22, 2020 WORLD WATER DAY

Baptise us all, O Holy One,
into a new way of being,
a new humanity,
fit for the glory and dignity
of this one Earth community.

Blend with these baptism waters,
our tears for all that we have done,
and left undone,
all those we have left behind
and left unloved.

Drown us in the deep awareness
of the kingdom of God,
of our radical belonging –
in you, with each other,
and with all creation.

Raise us up,
a new creation gasping for life,
that we might grasp the full extent
of the mystery of being –
to throw our arms around this wondrous
planet in holy and healing embrace. Amen.

*Seek out a couple of others...
sit mindfully with water
in a bowl/basin,
by the well,
by the river, stream or ocean.*

*Practice Gratitude for the gift of
water and do a simple healing ritual
for yourself,
for the world and
for the Earth.*

Keep a journal

May the ancient wisdom of this water well up within us and fill us with wisdom.
May its sacred mystery captivate our imagination and our whole being
May it cleanse and renew us to be life giving for all of life.
May its refreshing calm bring healing and peace to us
and all who are living in painful situations.
May its energy and transparency inspire us and all humanity
to live in harmony and peace. Amen – Noreen McGrath
