

SEE, JUDGE, ACT:

"There are three stages which should normally be followed in the reduction of social principles into practice. **First**, one reviews the concrete situation; **secondly**, one forms a judgement on it in the light of these same principles; **thirdly**, one decides what the circumstances can and should be done to implement these principles. These are the three stages that are usually expressed in the three terms: look (see), judge, act".

Pope John XXIII, Mater et Magistra, 1961 (# 236)

WHAT DOES THE LOGO MEAN?

The image of the water flowing from the broken pot represents humanity and the hands of God capture the water regardless of where it is flowing from. This is a representation of the cyclic fall and growth of the soul.

God's love is shown with the two hands that signify healing and growth. The Lord is with us in the free flowing of the water demonstrating the Alpha and the Omega of God's love being with us at all times.

The image of the tree is biblical, representing the Cedars of Lebanon. These trees grow extremely large. The image of the tree and the incredible shade it provides represents God's shelter and love for all humanity by feeding, nourishing and enabling us to grow.
